

GEO-3 — GEOLOGY OF CALIFORNIA

About This Course

Transfer: UC, CSU

C-ID: (C-ID:GEOL 200)

3.00 units

Prerequisite: None.

Description: A study of California's geological history, including the examination of the varying geological provinces and environments which exist throughout the state. Topics include: examining present and ancient geological environments; examining major structural elements (faults) within the state; the study of the geology and the history of California's geologic resources; the study of geologic hazards; and the relationship of California geology to global tectonics. 54 hours lecture. (Optional field trips in GEO-30A, 30B or 31 will accompany this course.) (Letter grade only)
