

MUS-11 — STUDIO RECORDING TECHNIQUES

About This Course

Transfer: CSU

3.00 units

Prerequisite: MUS-8A or FTV-73

Description: Introduction to and practical experience in studio recording through the use of microphones, cables, mixing boards, signal processors, computers and digital-audio software. Emphasis on small-group lecture and demonstration with hands on practice and experience. Students work with others in theater, television, and music to record audio in a recording studio setting. 36 hours lecture and 54 hours laboratory (TBA option). (Letter grade only)
