

## PHO-13 — ADVANCED DARKROOM TECHNIQUES

---

### About This Course

**Transfer:** CSU

3.00 units

Prerequisite: PHO-9.

Description: Designed to introduce advanced students to manipulation of photosensitive materials for technical and creative enhancement of photographic images. The course presents the principles learned to control contrast and density with the goal of producing images with technical excellence using lighting, exposure, developing and printing techniques. Discuss laboratory processes for ensuring archival permanence of photographic images. 36 hours lecture and 54 hours laboratory. (Letter grade only)
